

A horse, a rider, the right saddle: the perfect match.

*A story written for horses,
by riders.*

This is a story that began in Italy: it originated with Roberto Rasia, founder of Erreplus Saddlery, and what makes it unique is his incredible passion for the equestrian art, with 25 years of experience.

Now a whole team of experts, champions and technicians writes the story of Erreplus every day, giving voice to that perfect dialogue that indissolubly links the life of horse and rider.

SL

SL saddles have been specially designed, together with technical experts in the field, to free the most muscular and pronounced shoulders.

They feature a short panel that completely avoids any kind of pressure at scapular level, thus ensuring a perfect movement of the shoulders.

All this while maintaining a large contact area on the horse.
